

## Rite in the Rain All-Weather Fire Notebooks

The new line of all-weather fire notebooks by Rite in the Rain (J.L. Darling Corporation) contains patented environmentally responsible all-weather writing paper that sheds all moisture. The notebook line includes a Fire Incident Report Notebook and a Fire Investigation Field Notes Book. The notebooks provide firefighters with an effective means with which to write, protect, and keep valuable information when working outdoors.

## Parker Hannifin Chelsea 870 Series P.T.O.

The Chelsea 870 Series P.T.O. by Parker Hannifin provides power density. Two assembly arrangements are offered that maximize your installation possibilities. High-capacity bearings and superior gear designs provide torque ratings up to 670 lbs./ft. The 870 Series is a 10-bolt mounting pattern that will fit on popular automatic transmissions. It features six shift options, four of which are integrated into the P.T.O. All options require only one hose for a simplified installation. Eight internal gear ratios provide a wide variety of speeds to meet application requirements.

## OSRAM SYLVANIA SentryLight

The SentryLight by OSRAM SYLVANIA is compact and concealed, hiding the light source inside the wall or ceiling until a power failure occurs. The emergency light's sleek and aesthetic design, with a

customizable front cover plate that can be painted or wallpapered, makes the SentryLight vandal-resistant and virtually invisible until activated. Upon activation, the internal rechargeable battery automatically deploys dual xenon lamps in a durable housing, providing enough light to guide people along the path to safety in an emergency for up to two hours.
